

# **Excellence in Pediatric Gastroenterology, Hepatology and Nutrition**

February 14 – 15, 2025  
Singapore

# Excellence in Pediatric Gastroenterology, Hepatology and Nutrition

February 14 – 15, 2025  
Singapore

With experts from Europe and the Middle East in the fields of pediatric gastroenterology, hepatology, and nutrition, and under the auspices of ESPGHAN, we at TPNH2GROUP are proud to launch this prestigious, top-notch, and practical scientific meeting in Singapore on February 14 and 15, 2025.

# Excellence in Pediatric Gastroenterology, Hepatology and Nutrition

February 14 – 15, 2025  
Singapore

With each event we organize, we recognize the need for these meetings to be more practical and to address pediatric gastroenterology, hepatology, and nutrition from various perspectives. Every pediatrician, whether a generalist or a subspecialist, should prioritize these topics in their daily practice.

This is why we are approaching these subjects from different angles, ensuring that no detail or clue is overlooked. Our goal is to dissect every aspect thoroughly, ultimately benefiting the children in our region and contributing to a brighter future.

# Excellence in Pediatric Gastroenterology, Hepatology and Nutrition

February 14 – 15, 2025  
Singapore
